

Other Families

Over the past 230 years there have been numerous other families who have resided within the boundaries of Sunny Bank. Their residency has varied from months to years. It would be virtually impossible to even track all of these people, without trying to include genealogies! In this section I have included some families whose children spent most of their young lives here, as well as some blank charts to add your own families.

Other Families

Residents of Sunny Bank, not directly linked to the original 8 families.
